John Snyder, Field Director

PHOTOGRAPHS

EXTERIOR PHOTOGRAPHS

- HAER-NV-26-A-1 Engine Stores Building, Southern Pacific Railroad Carlin Shops, northwest façade, view to southeast (90mm lens). The original building is at right, addition at left. The cold joint between the original and addition is approximately at the line of color differentiation near center of the roof.
- HAER-NV-26-A-2 Engine Stores Building, Southern Pacific Railroad Carlin Shops, northeast end, view to southwest (135mm lens).
- HAER-NV-26-A-3 Engine Stores Building, Southern Pacific Railroad Carlin Shops, oblique view of the northeast end and southeast side (90mm lens). Condemned freight cars spotted on the adjacent track prevented clear photography of southeast side.
- HAER-NV-26-A-4 Engine Stores Building, Southern Pacific Railroad Carlin Shops, oblique view of the southwest end and southeast side (135mm lens). Condemned freight cars spotted on the adjacent track prevented clear photography of southeast side.
- HAER-NV-26-A-5 Engine Stores Building, Southern Pacific Railroad Carlin Shops, southwest end, view to northeast (135mm lens).
- HAER-NV-26-A-6 Detail, door, northwest façade, original building, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to southeast (135mm lens).
- HAER-NV-26-A-7 Detail, window, northwest façade, addition, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to southeast (135mm lens).

HAER-NV-26-A-8 Detail, cold joint between the original building and addition, southeast elevation, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to northwest (135mm lens).

INTERIOR PHOTOGRAPHS

HAER-NV-26-A-9 Interior, original Boiler and Engine Room, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to south (90mm lens). Note the roof truss system and built-up iron longitudinal roof girders.

HAER-NV-26-A-10 Interior detail, original Boiler and Engine Room, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to east (90mm lens). Note the pin-connected roof truss system and built-up iron longitudinal roof girders.

HAER-NV-26-A-11 Interior oblique view from doorway, original Warehouse Room, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to east (90mm lens).

HAER-NV-26-A-12 Interior oblique view toward doorway, original Warehouse Room, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to west (90mm lens).

HAER-NV-26-A-13 Interior detail, sealed doorway between the original Warehouse Room and Offices, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to northeast (135mm lens). Note that the original height of the doorway has been reduced with a supplemental segmental arch header and infill.

HAER-NV-26-A-14 Interior detail, workbench, original Warehouse Room, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to south (135mm lens).

HAER-NV-26-A-15 Interior oblique view, original Office, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to south (90mm lens). Note the milled tongue-and-groove ceiling and wainscot.

HAER-NV-26-A-16 Interior detail, window, wainscot and chair rail, original Office, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to northwest (90mm lens).

HAER-NV-26-A-17 Interior oblique view, original Cooper's Shop, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to southeast (90mm lens). Note the original window and sealed doorway.

HAER-NV-26-A-18 Interior detail, windows, original Library, addition, Engine Stores Building, Southern Pacific Railroad Carlin Shops, view to north-northwest (90mm lens). Note the milled tongue-and-groove ceiling, and deterioration of bricks near floor level due to rising damp.
